## What's Happening

**Ride to Monterey:** We left McDonald's with 4 bikes and decided to go to the wharf in Monterey instead of Santa Cruz. Had lunch in a new restaurant (at least for us) then walked along the wharf. We then decided to leave Monterey and head for Carmel Valley Road which dropped us out on 101. From 101 we headed for 198 and had a great ride ending up in Coalinga at another McDonald's for ice cream and a break. The weather was good and the ride even better.

**Monthly Meeting:** We would like to thank those members who attended our July meeting. We had a discussion about the treasury and made a decision. Since our group really doesn't really have expenses, we decided to not continue to put money in the treasury. The money that is in there right now will be used to purchase dessert for the new Friday night dessert night until it is spent. We will continue to have a 50/50 drawing at our meetings but all money will be given back to those members who are in attendance. That means there will now be two 50/50 winners each month. When it comes to paying for our website, we will "pass the hat". Since it has just been paid, it should not be due for at least another year. Again, we would like to thank those who helped make this decision.
